ZAPPER

Dr. Hulda Clark introduced the **Zapper**, also known as the parasite zapper, as an aid to health over 20 years ago. Since then the zapper has experienced a tremendous surge in popularity, not only as a curiosity and a health aid, but for other uses as well such as killing microbes such as protozoa and bacteria in water

The **ZAPPER** can be used to combat a host of different illnesses and complaints. Dr. Hulda Clark is a scientist with a tremendous record of achievement and who has carried out pioneering work revealing that the Zapper simultaneously kills all kinds of invading organisms, such as Parasites (Flukes), Bacteria, Mites, Viruses, Growths, Fungi and Roundworms. The Zapper is a device that works by mild electrification and purification of your blood. According to Dr. Clark, bacteria and viruses disappear in 3 minutes; tapeworms, parasites and roundworms take 5 minutes; and mites take 8 minutes.

ZAPPERS HAVE BEEN USED TO COMBAT -

ALLERGIES, ALZHEIMER'S, ARTHRITIS, ARTHROSIS, BACKACHE, BACTERIA, CANDIDA, CHRONN'S DISEASE, CYSTITIS, DEPRESSION, DIABETES, ECZEMA, ENDOMETRIOSIS, FUNGI, GANGRENE, HAIR LOSS, HERPES, HEADACHES, INFECTION, INFLAMMATIONS, INFLUENZA, LEUKEMIA, ME, MIGRAINE, MITES, MUSCULAR DYSTROPHY, MUSCULAR PAINS, NEURALGIA, PAINS, PARASITES, PARKINSON'S, POLIO, PROSTATE AND BLADDER PROBLEMS, PRURITUS, PSORIASIS, RASHES, RHEUMATISM, SARCOMAS, SHINGLES, SINUS PROBLEM, THRUSH, VIRUSES, WARTS, WORMS, etc.

WHAT IS A ZAPPER?

The zapper is a simple but very effective electro medicinal device. It is based mainly on the lifelong research of Dr. Hulda R. Clark who has published her findings in the book "The Cure of all Diseases" and other subsequent books. Dr. Clark like many other researchers has found that a weak current of pulsed DC kills parasites in the body.

This includes all types of worms, bacteria, viruses and fungi as well as **cancer cells** and other pathogenic tissue. Here is an interesting connection to W. Reich's findings that led him to believe that cancer cells were new parasitic organisms formed from the decaying biomass of de-energized tissue.

Dr. Clark, a molecular biologist and natural healing practitioner, has studied parasites all her life and the zapper was only the last step in her evolving treatment philosophy. She arrived at the conclusion that practically all diseases are caused by either parasites or toxins.

The US Center for Disease Control (CDC) has found that the average American carries a weight of 500g living parasites. Toxins in our food, household chemicals and the environment are weakening the barrier of the colon against penetration by intestinal worms and other parasites.

A major source of toxicity are dental amalgams, which should be removed immediately and replaced with either gold fillings or modern compound ("white") fillings.

HOW DOES IT WORK?

The following text is from Don Croft.

All parasites and diseased tissues are positively charged. The zapper introduces negative ions through the skin and into the body's living tissue, killing the parasites by reversing their polarity and also helping to heal the diseased tissue. Healthy tissue is negatively charged. The zapper's circuitry is built around a 555 timer integrated circuit which emits a nice, positive offset square wave of direct current from a nine-volt battery (stepped down to around 4.5volts and 3.5milliamps) at a frequency of about 20,000 times per second. "Positive offset" is a wave form that has alternating current characteristics. This may be important in the long run because it won't alter the body's natural electromagnetic field polarity.

I feel confident that parasites enjoy and thrive on all the vitamins, herbs and minerals that you send in there to correct the problems that are caused by the same parasites. Why else would these remedies be "hit or miss" solutions? You're only getting leftovers. After you start using a zapper, when you eat those expensive herbs, vitamins, and minerals, you can expect to have their benefits fully.

They can't defend their positive polarity (shortage of electrons) against the introduction of simple direct current, however, and they die very quickly in its presence (the worms in the picture above were freshly killed in the colon after a few minutes of zapping during a colon irrigation). Negative ions kill parasites whether they are from electric current, ozone, or magnets. The zapper seems to me to be the most efficient delivery method for now.

Parasites not only die when subjected to electricity, but disintegrate and are easily eliminated or assimilated as harmless nutrients. In fact, since they got most of the benefit from all the expensive supplements that you've been eating all these years, this could be your big nutritional payoff.

Viruses and fungi inside the cells, parasites in cysts, parasites with exoskeletons (like hookworms in the peripheral tissues), etc., will take longer to kill, but clearing the blood and lymphatic fluids, major organ ducts, intestinal and stomach lining, brain and central nervous system, of parasites early on will give your immune system a tremendous, immediate boost and when the hidden parasites come out of cysts and protected areas they are in for an unpleasant surprise. It must be noted that 20,000 Hz range frequencies are no more used. Our Zappers oscillate at about 15 Hz and we have found this to be more effective in the lower frequencies as they allow the current to penetrate deeper into the body.

WHICH DISEASES CAN THE ZAPPER CURE?

Positive and often dramatic results are known for the following diseases:

CANCER

HIV / AIDS

HERPES

ORGAN TRANSPLANT REJECTION

VIRAL HEPATITIS

SINUSITIS

WARTS

PSORIASIS

INFLUENZA (THE GENUINE ONE)

GENERAL WEAKNESS OF THE IMMUNE SYSTEM

PMS

And many other conditions caused by parasites, bacteria and viruses.

All Zappers are based on the original Hulda Clark circuit with modifications empirically arrived at by Don Croft especially the lowering of the frequency to 15Hz.

This Zapper is plainly an electrical device, which is quite sufficient to kill the parasites as described by Dr. Hulda Clark. It is light and easy to wear by adding an elastic strap, so it can be worn at the wrist or upper arm conveniently.

Let's have a look at the orgone generating components of the orgone zappers:

The interior of a zapper.

This is what these components are doing:

- **PC Board:** generates 15Hz pulsed direct current. The basis of zapping.
- **Skin Electrodes:** transmit weak electrical pulses to skin
- **Moebius Coil:** creates scalar electromagnetic field (has to be contained by boundary wire)
- **Orgonite Block:** gets excited by electromagnetic components and creates beneficial orgone (Chi / Prana) field
- **Neodymium Magnets:** have noted healing power by themselves
- **Amethyst:** mental clarity and peace, anti-inflammatory and pain relief
- **Garnet:** vitalizing, support resistance and resilience

Zappers come with an elastic strap that makes them easy to wear.

Easy to wear

Everybody should have a therapy with zapper as a first line of defense against any oncoming disease.

PREVENTION IS BETTER THAN CURE.
